CCTV Network Solutions

Consistent, Efficient Installation at Every Location

Headquartered in Greater Cincinnati, LSI Industries offers a unique strategic and integrated commercial security approach. Our security solutions are all inclusive providing professional expert project design, national rollout installations, project management, system maintenance and warranty. With a focus on retailers, quick service restaurants, grocery stores, refueling stations and automotive dealerships, we are experts at managing complex, multi-site construction, engineering and branding projects that must be perfectly aligned with our clients' corporate identity standards. From start to finish, we are the people who can streamline, assemble, and manage, every resource necessary to complete your project on time and on budget. Let us help you protect what matters most, your employees and your assets.

Turnkey Security Rollouts

Project Planning

Working side-by-side with you, delivering the plan we develop together. Including site surveys and permitting as required

Evaluation

Details! We evaluate the drawings to confirm exact placement, cabling, electrical and field of view requirements and notes

Consolidation and Configuration

Coordination of equipment logistics, including warehousing, staging, shipping and installation scheduling

Project Communication and Reporting

Daily progress dash-board reporting and project manager meetings

First Time Right Installation Services

Proper detailed planning an execution provides LSI first time right installations of over 99.7%

We draw on the expertise of the most recognized CCTV camera partners. We provide scalable, IP-based security cameras that integrates seamlessly with your overall security networks and design.

High-Definition Cameras For Every Application

We do it all, from License Plate Recognition systems to the broadest range of cameras for all applications including 4K video quality. And remember, LSI Industries has been commercial lighting experts for over 46 years. Our lighting expertise is included to insure your highest video recording quality

Program Implementation - Adapt

For more than 25 years, ADAPT has provided comprehensive project management services to many of America's largest corporations. With a focus on retailers, quick service restaurants, grocery stores and automotive dealerships, we are experts at managing complex, multi-site construction, engineering and branding projects that must be perfectly aligned with our clients' corporate identity standards. From start to finish, we are the people who can assemble, and manage, every resource necessary to **complete your project on time and on budget.**

Working with LSI means you'll get scalable solutions adapted to suit your needs and budget. The only thing we won't adjust is quality. Let us put our 40 years of experience to work for you to deliver bold, energy efficient lighting and **security enhancing solutions.**

LSI ADAPT takes advantage of the extensive resources, graphic services and depth of lighting product lines that LSI offers to provide an in-depth, custom turn-key solution for your application.
