LED MICRO WALL WASH (MWW)

PRODUCT HIGHLIGHTS
• Recessed installation hides source while providing uniform illumination of vertical surfaces / displays
• Narrow design for design specific applications
• Accent finish options for brightness control and aesthetics
• Very high efficiency

EXPECTED LIFE - Projected life of at least 60,000 hours. Contact factory for TM-21 detail.

LEDs - Use of closely-spaced medium-power, high-brightness chips minimizes pixelation and provides uniform lens luminance. Available in Cool White (5000K), Neutral White (4000K) and Warm White (3500K) color temperatures. CRI > 80 (CW > 70). LM-80 reports available.

HOUSING - Housing, brackets and end sections are constructed from code gauge, die formed steel. All metal parts are painted after fabrication following a treatment with a phosphate rust inhibitor.

SHIELDING/LENS: High Performance 95% reflective white reflector is standard for precision directed wall wash use. Optional accent trim and kicker reflector trim finishes available for many decorative applications.

MOUNTING: Designed for either grid or hard ceiling installations where ceiling access may be limited or completely restricted. All internal components are accessible from below the ceiling.

ELECTRICAL - Universal voltage (120-277 Vac) input, 50/60 Hz. Power factor > 0.9, THD < 20%, in-rush current < 15 Amps.

DRIVER - High-performance isolated driver features over-voltage, over-current and short-circuit (with auto-recovery) protection. Driver module is sealed to IP66 protection levels, with a Class A sound rating. 0-10 volt dimming standard.

FINISH - All metal parts painted after fabrication following treatment with phosphate rust inhibitor. Finish coating of housing reflecting surfaces is with high-reflectance (minimum 92%) polyester powder.

WARRANTY - Limited 5-year warranty.

PHOTOMETRICS - Please visit our web site at www.lsi-industries.com for detailed photometric data.

LISTING - Listed to UL1598 and other U.S. and Canadian safety standards

This product, or selected versions of this product, meet the standards listed below. Please consult factory for your specific requirements.
